

Methodological Note for GSK Russia EFPIA* Disclosure Report

Term	Definition
Corporate scope	GSK will issue one report for each country showing all Transfers of Value made to HCPs / HCOs** in that country by JSC GSK Trading, JSC GSK Consumer Healthcare.
Reporting date	GSK has defined two types of Transfers of Value for Reporting Date purposes: - a <i>Monetary Transfer of Value</i> is a payment of money made to an HCP/HCO by GSK either directly or through an intermediary (for example, fees for service). The Reporting Date for these Transfers of Value will be the actual payment date, irrespective of when the event happened (for example, when a consultancy fee is paid, not when the work took place). - a <i>Non-monetary Transfer of Value</i> is a benefit received from GSK either directly or through an intermediary <i>without</i> a monetary payment (a flight or a congress registration fee paid to a travel agent or events organiser, for example). The Reporting Date for these Transfers of Value will be the event date (for example, when the congress took place).
Currency conversions	GSK records Transfers of Value in the currency in which the transaction took place. The report will show all values in the currency of the country in which the report is made.
HCPs employed by GSK	GSK will not report payments made to HCPs who are employed by GSK as staff members. GSK considers that it would be inappropriate to disclose an employee's salary, bonus, expenses and benefits.
Multi-year contracts	Transfers of Value are reported on the relevant Reporting Date (payment date or event date – see above) irrespective of the duration of the contract.
